# MAKE AN OVAL GIFT BOX

Follow the instructions to create a beautiful oval gift box. Don't forget to decorate your box!

How to make your gift box:

1) Cut along all the bold lines. Don't forget the little squares and the slits for the lid!

2) Fold the dotted lines towards the centre of the box

3) Turn the box round, so you can't see the lines, and decorate your box in any way you'd like!

4) Glue the square tabs to the centre edges

5) Fold the sides up to create the lid of your box
