

# MAKE YOUR OWN DRAGON MOBILE

You will need-

- red paper plate
- scissors
- stapler
- string
- template

- Colour the dragon template and cut out the pieces.
- Cut a spiral into the paper plate to make the dragons body.
- Take a piece of string and tie a knot one end. Then staple it into place
- Glue your dragon's paper tail to the top of your dragon– make the string is between the two dragon tail halves.
- Now “assemble” your head. You will need to glue the bottom of your dragon face together.
- Then add a little glue to the top of the nose and glue that too.
- Now stick the paper dragon's head to the bottom of your whirling dragon.... you can add tissue paper for FIRE if you wish.
- Finally add your legs.

# Dragon Template for Head Tail and Feet
